Sub: MOU entered with Canada & Indonesian Universities.

First of all please accept our applaudable heartiest congratulations for your remarkable achievement by entering into an MoU with Canadian and Indonesian Universities. Further, we are also happy you for having brought the name of Bharatiya Vidya Bhavan to limelight in International Educational arena. We at Bengaluru Kendra are proud of this unique achievement.

We at Bengaluru Kendra, will be happy to associate with you as an extension unit to offer all the courses at Bengaluru for the benefit of students in this part of the country. Karnataka being an highly educated density, it will be an boon for the students who are interested to part their knowledge abroad and learn the implicit of our culture and educational.

We as one of the major Kendra in Karnataka, are parting education in Diploma/Postgraduate diplomas and MBA, Courses. We are also starting and college of Law soon. We have enough infrastructure facility as we were offering for many years American MBA (MARSHALL UNIVERSITY Huntington, USA).

We request you to kindly let us know the possibilities of starting an extension center for the overseas course. Please send the details at the earliest.

With best regards

H.N.SURESH,
DIRECTOR

Memorandum of Understanding:
International Collaboration Between
Marshall University Lewis College of Business
and Bharatiya Vidya Bhavan, Bangalore
To Provide the Marshall University
Master of Business Administration Degree
As An Externally Sponsored Program in India

The Marshall University Lewis College of Business (MU LCOB) and the Bharatiya Vidya Bhavan, Bangalore (BVBB), in order to serve potential graduate business students in India, to further the missions of both BVBB and MU LCOB, and to increase the opportunities for cross-cultural understandings between the two institutions and their respective nations, articulate the main points of a collaboration to have MU LCOB make available in Bangalore, India the Master of Business Administration (MBA) as an external, BVBB-sponsored, graduate degree program.

Pending approval of all institutional and state authorities, MU LCOB will offer an BVBB-sponsored MBA program as a contractual agreement between MU LCOB and the sponsor, BVBB. The degree awarded to students participating in the program will be fully accredited by AACSB International, the Association to Advance Collegiate Schools of Business, and the degree will be called MBA. This is the same degree designation received by successful program graduates in the United States.

Admission to the program will be determined under standards established by MU LCOB. To be admitted into the MU LCOB MBA program in Bangalore, India, students must:

1. hold the equivalent of an undergraduate degree from an accredited institution with an appropriate level of academic achievement (having scored at least 50 percent of all total possible marks);
2. successfully complete the seven BVBB-MP Birla Institute of Management (MPBIM) Foundation level courses.
3. successfully perform on either the All India Management Association's Management Aptitude Test (AIMA MAT) or the Graduate Management Admission Test (GMAT);
4. demonstrate effective communication skills and appropriate knowledge in a personal interview; and
5. properly supply all admission material in a timely fashion.

All final decisions regarding admission will be made by MU LCOB.

The seven BVBB-MPBIM courses will include five courses which have the same content as the five Foundation program courses as listed in the MU Graduate Catalog. Students will gain formal admission to MU after completing the Foundation courses with an A or a B in each course. After admission, all original and official records will be kept at

Marshall University. Copies will be kept in Bangalore, India. The program will be under the control of the MBA Director and the Associate Dean of Graduate Programs.

The BVBB-sponsored MBA program will consist of the twelve MBA courses as listed in the MU Graduate Catalog. The courses will have the same contact hours and content as those taught on the MU campuses in the United States, and the course content will be subject to review by the MU LCOB Graduate Curriculum Committee. MU LCOB Graduate School of Management (GSM) qualified faculty will teach at least eight (or two-thirds of the twelve courses) in person in Bangalore, India. MU LCOB will accept as transfer credits from the BVBB-MPBIM graduate program up to four courses (or one-third of the twelve courses). All BVBB-MPBIM faculty teaching transfer credit courses will have the same MU LCOB Graduate School of Management academic qualifications that are required of MU LCOB graduate faculty, and the qualifications will be subject to review by the MU LCOB Graduate Curriculum Committee. The program as provided in Bangalore, India will have the same graduation requirements as those expected of students completing the MBA program on the MU campuses in the United States.

MU LCOB MBA program in Bangalore, India will be in full compliance with AACSB standards. MU will provide all students internet access to the same library services available to all MU students. Bharatiya Vidya Bhavan, Bangalore will provide students with quality facilities, including access to modern classrooms, library facilities and computer laboratories.

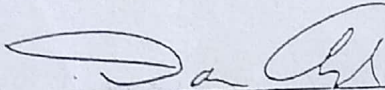

In return for providing the MBA in Bangalore, India, the sponsor, BVBB, will provide MU LCOB fees based upon the number of students participating in the program. The sponsor will also provide support for MU faculty teaching in India. This support shall include but not be limited to: round-trip airfare between Huntington or Charleston, West Virginia, United States, and Bangalore, India; lodging and board; secretarial assistance; transportation in India; and a stipend. Furthermore, the sponsor will provide funding for both a MU LCOB official to administer the program with semi-annual visits, and for the LCOB Dean or his MU representative to preside over the graduation ceremony. All admission and graduation fees will be the responsibility of the student and/or BVBB. More detail will be provided in the financial addendum.

Once the MU LCOB accepts the first fees from BVBB for a particular cohort of students, it is committed: 1. to accept students from that BVBB-MPBIM cohort who meet the qualifications as described above; 2. to accept up to twelve hours of transfer credit from all students in that BVBB-MPBIM cohort who successfully perform and complete MU LCOB-approved BVBB-MPBIM MBA-level courses; and, 3. to teach at least eight courses in Bangalore, India for that BVBB-MPBIM cohort. MU LCOB must notify BVBB of any changes in program requirements or graduation requirements six months before a particular cohort takes the first Foundation level course.

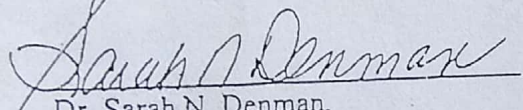

Credit for courses taken in the program in India will be equivalent to courses taken on the MU campuses in the United States. Any student from an accepted cohort may at any time during the program attend courses on the MU campuses in the United States and all

credit for courses successfully completed in the program in India or in the United States may be used toward meeting graduation requirements. However, students desiring to transfer completely to, or to take courses in, the United States should be aware that significant additional financial obligations will be incurred. International student admissions standards (such as the Test of English as a Foreign Language) will be met, and US immigration laws (such as visa requirements) must be followed.

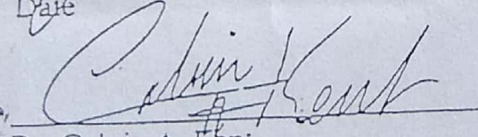

MU LCOB and BVBB-MPBIM agree to monitor and support the provisions of this agreement to ensure consistency, program quality, and transferability for the benefit of students at both institutions. MU LCOB and BVBB-MPBIM agree to coordinate any changes that may occur in the program requirements. MU LCOB and BVBB-MPBIM agree to renegotiate this agreement as necessary due to changes in curriculum at either institution or graduation requirements at MU. This process will be the responsibility of the MU LCOB Dean and the Executive Director of BVBB. Either MU LCOB or BVBB may terminate this agreement by notifying the other party in writing at least six months before any intended new cohort is to begin. Any existing cohorts must be allowed to complete their program and all agreed remuneration for this program must be paid.
